Blue Ridge Aquaculture

The World's Largest Sustainable Indoor Fisheries

Since 1993

FRESH FROM VIRGINIA, RAISED WITH CARE

Discover a better way to enjoy tilapia.

MILD, DELICIOUS & VERSATILE

Clean, delicate flavor and a firm, flaky texture. A natural fit for your favorite herbs, spices and sauces.

DOMESTICALLY RAISED

Grown in Martinsville, Virginia, in a carefully managed indoor aquaculture environment.

CARE YOU CAN TRACE

Raised without antibiotics or hormones, with traceability from egg to harvest.

GOOD FOOD. THOUGHTFULLY RAISED.

Since 1994, Blue Ridge Aquaculture has raised tilapia in the Blue Ridge Mountains using recirculating aquaculture systems. Our indoor approach allows us to carefully manage water and growing conditions, use water responsibly, and harvest fresh fish throughout the year.

FROM OUR FARM TO YOUR TABLE

Try it oven-roasted with lemon and herbs, pan-seared with garlic, or seasoned for flavorful fish tacos. Its mild taste makes it an easy choice for family meals.

Fresh • Virginia-raised • No antibiotics or hormones • Traceable from egg to harvest
